

### **Pot Luck Guidelines**

- Be “green” and bring your own plate, cutlery, beverage or bottle to fill with tap water, cloth napkins, bowl (if desired) and some grocery bags to put your used plate and items into for transport home
- Bring serving utensils like spoons and spatulas so your dish can be served
- Unless you “know” an outlet is available, “assume” an electrical outlet for heating is not available.
- Bring a copy of the recipe or list of ingredients so people with dietary preferences or religious preferences can consider if they want to have a portion of your item.
- Try to share with the group in advance what you are thinking about bringing so that we have a variety of entrees and sides instead of nothing but desserts.
